

**The Safety Data Sheet is usable for:**
**KIP1929**
**1,25(OH)<sub>2</sub>-VIT.D-RIA-CT**

Refer to the instructions for the full list of product components

**Single components with dangerous ingredients**  :

| REF     | Name                    | Symbol                                                                                                                                                                                                                                                                | Version |
|---------|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| 3119203 | Tracer (iodine 125 Ag)  |  <b>Ag<sup>125</sup>I</b>                                                                                                                                                            | 1.0     |
| 3219214 | Reconstitution Solution | - <b>REC SOLN</b>                                                                                                                                                                                                                                                     | 1.0     |

| 3219219 | Calibrators 1-N         | Animal origin   | <b>CAL N</b>             |

**Single components for single use**  :

| REF     | Name         | Symbol   |
|---------|--------------|----------|
| 3219208 | Coated tubes | <b>⌈</b> |

Not listed single components contain no hazardous substances in concentrations to be declared, a labelling is not required.

### 1 Identification of substance/mixture and company

#### 1.1 Product identifier

Product form : Mixture  
 Product name : Tracer (iodine 125 Ag) Ag <sup>125</sup>I  
 Catalog # : 3119203 REF

#### 1.2 Relevant identified uses of substance or mixture and uses advised against

##### 1.2.1 Relevant identified uses

Use of the substance/mixture : Laboratory reagent, Immunoassays  
 Use by professionals

##### 1.2.2 Uses advised against

No additional information available

#### 1.3 Details of the supplier of the safety data sheet

##### Supplier/Manufacturer

DIAsource ImmunoAssays S.A.

Rue du Bosquet, 2

B-1348 Louvain-la-Neuve

Belgium

Tel. Nr. +32 (0)10/84.99.11

E-mail: [products.support@diasource.be](mailto:products.support@diasource.be)

#### 1.4 Emergency telephone number

DIAsource (only office hours) : +32 (0)10/84.99.23

Centre Anti-Poisons (BE) : 070 245 245

Please refer to your local Anti-Poison Center!

### 2 Hazards identification

#### 2.1 Classification of the substance or mixture

Classification according to Regulation (EC) N° 1272/2008 (CLP)

Not classified as hazardous

According to EC directives or corresponding national laws, the product does not need to be classified or labelled

#### 2.2 Label element

Labelling according to Regulation (EC) N° 1272/2008 (CLP)

Hazard symbol (CLP) : Not classified as hazardous

Signal word (CLP) : Not classified as hazardous

Hazard statement (CLP) : Not hazard statement

Precaution statement (CLP) : P280 Wear protective gloves, protective clothing, eye protection, face protection  
 P305+P351+P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
 P309+310 IF exposed or if you feel unwell: Call a POISON CENTER or doctor/physician

#### 2.3 Other hazards

Radioactive material : This mixture contains Iodine-125, the activity of the mixture is indicated on the product label. Iodine-125 is a gamma-rays (35,5 keV) and X-rays (28 keV) emitter. Radiation can be protected by 1mm of lead. Half-life: 59.4 days.

This product contains concentrations of azide below the hazardous level which with repeated contact with lead and copper commonly found in plumbing drains may result in the build up of shock sensitive compounds. Sodium azide forms explosive compounds with heavy metals.

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

### 3 Composition/information on ingredients

#### 3.1 Substances

Not applicable

#### 3.2 Mixtures

No components need to be disclosed according to the applicable regulations.

## 4 First aid measures

### 4.1 Description of first aid measures

- First-aid measures general : Get medical advice/attention if you feel unwell. If possible show him this sheet. Failing this, show him the packaging or label. Never give anything by mouth to an unconscious person. Place the affected person in the recovery position.
- First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- First-aid measures after skin contact : Take off immediately all contaminated clothing. Gently wash with plenty of soap and water.
- First-aid measures after eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Drink plenty of water as a precaution.

### 4.2 Most important symptom and effects, both acute and delayed

- Symptoms/effects : Not expected to present a significant hazard under anticipated conditions of normal use.

### 4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

## 5 Firefighting measures

### 5.1 Extinguishing media

- Suitable extinguishing media : Adapt extinguishing agents to the environment. Carbon dioxide. Foam. Dry extinguishing powder. Water spray.
- Unsuitable extinguishing media : Do not use a heavy water stream.

### 5.2 Special hazards arising from the substance or mixture

- Hazardous decomposition products in case of fire : Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

### 5.3 Advice for firefighters

- Firefighting instructions : Prevent firefighting water from entering the environment. Use water spray or fog for cooling exposed containers.
- Protection during firefighting : Use a self-contained breathing apparatus and also a protective suit.

## 6 Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

- General measures : Ensure adequate air ventilation. Avoid contact with skin and eyes. Do not breathe vapours/spray.
- 6.1.1 For non-emergency personnel : Evacuate unnecessary personnel.
- 6.1.2 For emergency responders : Evacuate unnecessary personnel.
- Protective equipment : Use personal protective equipment as required. In case of inadequate ventilation wear respiratory protection.

### 6.2 Environmental precautions

Contain spill to prevent migration. Do not allow the undiluted product to enter sewers/surface or ground water.

### 6.3 Methods and material for containment and cleaning up

- Methods for cleaning up : Absorb spills to prevent radioactive contamination. Absorb spills with absorbent material, such as paper towels. Decontaminate with suitable products. Dispose of in accordance with relevant local regulations.

### 6.4 Reference to other sections

Exposure controls and personal protection, see section 8. Concerning disposal elimination after cleaning, see section 13.

## 7 Handling and storage

### 7.1 Precautions for safe handling

- Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment. Avoid contact with skin and eyes. Do not breathe vapour/aerosol.
- Hygiene measures : Handle in accordance with good industrial hygiene and safety procedures. When using do not eat, drink or smoke. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

### 7.2 Conditions for safe storage, including any incompatibilities

- Storage conditions : Store in original container. Keep container tightly closed. To maintain product quality, store according to the instructions in the product labeling.
- Prohibitions on mixed storage : Keep away from food, drink and animal feeding stuffs.
- Incompatible materials : No additional information available.

**7.3 Specific end use(s)**

Laboratory reagent, Immunoassays

**8 Exposure controls/personnel protection**
**8.1 Control parameters**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

**8.2 Exposure controls**

|                                  |                                                                                                                                                                                                       |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Appropriate engineering controls | : Provide local exhaust or general room ventilation to minimize vapour concentrations.                                                                                                                |
| Hand protection                  | : Wear suitable gloves (EN 374). Nitrile rubber, 0.35 mm. Butyl rubber, 0.5 mm. The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed. |
| Eye protection                   | : Wear safety glasses (EN 166).                                                                                                                                                                       |
| Skin and body protection         | : Wear suitable protective clothing.                                                                                                                                                                  |
| Respiratory protection           | : Under normal conditions, the use of this product should not require respiratory protection.                                                                                                         |
| Environmental exposure controls  | : Avoid release to the environment.                                                                                                                                                                   |

**9 Physical and chemical properties**
**9.1 Information on basic physical and chemical properties**

|                                                          |                     |
|----------------------------------------------------------|---------------------|
| Physical state                                           | : Lyophilised       |
| Colour                                                   | : Colorless         |
| Odor                                                     | : Odorless          |
| Melting point/freezing point                             | : No data available |
| Boiling point or initial boiling point and boiling range | : No data available |
| Flammability                                             | : No data available |
| Lower and upper explosion limit                          | : No data available |
| Flash point                                              | : No data available |
| Auto-ignition temperature                                | : No data available |
| Decomposition temperature                                | : No data available |
| pH                                                       | : No data available |
| Kinematic viscosity                                      | : No data available |
| Solubility                                               | : No data available |
| Partition coefficient n-octanol/water (log value)        | : Not applicable    |
| Vapour pressure                                          | : No data available |
| Density and/or relative density                          | : No data available |
| Relative vapour density                                  | : No data available |
| Particle size                                            | : Not applicable    |

**9.2 Other information**
**9.2.1 Information with regard to physical hazard classes**

|                      |                           |
|----------------------|---------------------------|
| Explosive properties | : No explosive properties |
| Oxidising properties | : No oxidising properties |

**9.2.2 Other safety characteristics**

No additional information available

**10 Stability and reactivity**
**10.1 Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2 Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3 Possibility of hazardous reactions**

None under normal use.

**10.4 Conditions to avoid**

Avoid exposure to heat and direct sunlight.

**10.5 Incompatible materials**

No additional information available.

**10.6 Hazardous decomposition products**

No hazardous decomposition products known at room temperature. In case of fire: Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

## 11 Toxicological information

### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                                                    |                                                                                      |
|----------------------------------------------------|--------------------------------------------------------------------------------------|
| Acute toxicity                                     | : Not classified<br>Based on available data, the classification criteria are not met |
| Skin corrosion/irritation                          | : Not classified<br>Based on available data, the classification criteria are not met |
| Serious eye damage/irritation                      | : Not classified<br>Based on available data, the classification criteria are not met |
| Respiratory or skin sensitization                  | : Not classified<br>Based on available data, the classification criteria are not met |
| Germ cell mutagenicity                             | : Not classified<br>Based on available data, the classification criteria are not met |
| Carcinogenicity                                    | : Not classified<br>Based on available data, the classification criteria are not met |
| Reproductive toxicity                              | : Not classified<br>Based on available data, the classification criteria are not met |
| Specific target organ toxicity (single exposure)   | : Not classified<br>Based on available data, the classification criteria are not met |
| Specific target organ toxicity (repeated exposure) | : Not classified<br>Based on available data, the classification criteria are not met |
| Aspiration hazard                                  | : Not classified<br>Based on available data, the classification criteria are not met |

### 11.2 Information on other hazards

|                                                     |                                                                    |
|-----------------------------------------------------|--------------------------------------------------------------------|
| Potential adverse human health effects and symptoms | : Based on available data, the classification criteria are not met |
|-----------------------------------------------------|--------------------------------------------------------------------|

## 12 Ecological information

### 12.1 Toxicity

|                          |                  |
|--------------------------|------------------|
| Acute aquatic toxicity   | : Not classified |
| Chronic aquatic toxicity | : Not classified |

### 12.2 Persistence and degradability

Not required for inorganic substances.

### 12.3 Bioaccumulative potential

Not required for inorganic substances.

### 12.4 Mobility in soil

No additional information available.

### 12.5 Results of PBT and vPvB assessment

Not fulfilling Persistent, Bioaccumulative and Toxic (PBT), very Persistent and very Bioaccumulative (vPvB) criteria.

### 12.6 Endocrine disrupting properties

No additional information available.

### 12.7 Other adverse effects

No additional information available.

## 13 Disposal considerations

### 13.1 Waste treatment methods

|                              |                                                                                                                                                                                                                                                      |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Regional legislation (waste) | : Dispose in a safe manner in accordance with local/national regulations.                                                                                                                                                                            |
| Waste treatment methods      | : Do not empty into drains. Dispose of this material and its container in a safe way.                                                                                                                                                                |
| Waste code                   | : The waste code number according to the Ordinance on the European Waste Catalogue depends on the waste producer and can therefore vary for any given product. The waste code number is therefore to be gleaned separately from each waste producer. |

## 14 Transport information

In accordance with ADR / IMDG / IATA

### 14.1 UN number or ID number

|               |                  |
|---------------|------------------|
| UN-No. (ADR)  | : Not applicable |
| UN-No. (IMDG) | : Not applicable |
| UN-No. (IATA) | : Not applicable |

**14.2 UN proper shipping name**

Proper Shipping Name (ADR) : Not applicable  
Proper Shipping Name (IMDG) : Not applicable  
Proper Shipping Name (IATA) : Not applicable

**14.3 Transport hazard class(es)**

Transport hazard class(es) (ADR) : Not applicable  
Transport hazard class(es) (IMDG) : Not applicable  
Transport hazard class(es) (IATA) : Not applicable

**14.4 Packing group**

Packing group (ADR) : Not applicable  
Packing group (IMDG) : Not applicable  
Packing group (IATA) : Not applicable

**14.5 Environmental hazards**

Dangerous for the environment : No  
Marine pollutant : No  
Other information : No supplementary information available

**14.6 Special precautions for user**

Overland transport : Not applicable  
Transport by sea : Not applicable  
Air transport : Not applicable

**14.7 Maritime transport in bulk according to IMO instruments**

Not applicable

**15 Regulatory information**
**15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**
**15.1.1 EU-Regulations**

Contains no substance on the REACH candidate list.  
Contains no REACH Annex XIV substances.

**15.1.2 National regulations**

Comply with applicable local regulations.

**15.2 Chemical safety assessment**

No chemical safety assessment has been carried out.

**16 Other information**

| H410              | Very toxic to aquatic life with long lasting effects. |

**SDS EU (REACH Annex II)**

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.

### 1 Identification of substance/mixture and company

#### 1.1 Product identifier

Product form : Mixture  
 Product name : Reconstitution Solution **REC SOLN**  
 Catalog # : 3219214 **REF**

#### 1.2 Relevant identified uses of substance or mixture and uses advised against

##### 1.2.1 Relevant identified uses

Use of the substance/mixture : Laboratory reagent, Immunoassays  
 Use by professionals

##### 1.2.2 Uses advised against

No additional information available

#### 1.3 Details of the supplier of the safety data sheet

##### Supplier/Manufacturer

DIAsource ImmunoAssays S.A.

Rue du Bosquet, 2

B-1348 Louvain-la-Neuve

Belgium

Tel. Nr. +32 (0)10/84.99.11

E-mail: [products.support@diasource.be](mailto:products.support@diasource.be)

#### 1.4 Emergency telephone number

DIAsource (only office hours) : +32 (0)10/84.99.23

Centre Anti-Poisons (BE) : 070 245 245

Please refer to your local Anti-Poison Center!

### 2 Hazards identification

#### 2.1 Classification of the substance or mixture

Classification according to Regulation (EC) N° 1272/2008 (CLP)

Not classified as hazardous

According to EC directives or corresponding national laws, the product does not need to be classified or labelled

#### 2.2 Label element

Labelling according to Regulation (EC) N° 1272/2008 (CLP)

Hazard symbol (CLP) : Not classified as hazardous

Signal word (CLP) : Not classified as hazardous

Hazard statement (CLP) : Not hazard statement

Precaution statement (CLP) : P280 Wear protective gloves, protective clothing, eye protection, face protection  
 P305+P351+P338 If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing  
 P309+310 IF exposed or if you feel unwell: Call a POISON CENTER or doctor/physician

#### 2.3 Other hazards

This product contains concentrations of azide below the hazardous level which with repeated contact with lead and copper commonly found in plumbing drains may result in the build up of shock sensitive compounds. Sodium azide forms explosive compounds with heavy metals.

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

### 3 Composition/information on ingredients

#### 3.1 Substances

Not applicable

#### 3.2 Mixtures

| Name         | Product identifier                                                     | %      | Classification according to Regulation (EC) No. 1272/2008 [CLP] |
|--------------|------------------------------------------------------------------------|--------|-----------------------------------------------------------------|
| Sodium Azide | (CAS N°) 26628-22-8<br>(EC N°) 247-852-1<br>(EC Index N°) 011-004-00-7 | ≤ 0,05 | Aquatic Acute 1, H400<br>Aquatic Chronic 1, H410                |

Full text of H-statements: see section16

## 4 First aid measures

### 4.1 Description of first aid measures

- First-aid measures general : Get medical advice/attention if you feel unwell. If possible show him this sheet. Failing this, show him the packaging or label. Never give anything by mouth to an unconscious person. Place the affected person in the recovery position.
- First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- First-aid measures after skin contact : Take off immediately all contaminated clothing. Gently wash with plenty of soap and water.
- First-aid measures after eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Drink plenty of water as a precaution.

### 4.2 Most important symptom and effects, both acute and delayed

- Symptoms/effects : Not expected to present a significant hazard under anticipated conditions of normal use.

### 4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

## 5 Firefighting measures

### 5.1 Extinguishing media

- Suitable extinguishing media : Adapt extinguishing agents to the environment. Carbon dioxide. Foam. Dry extinguishing powder. Water spray.
- Unsuitable extinguishing media : Do not use a heavy water stream.

### 5.2 Special hazards arising from the substance or mixture

- Hazardous decomposition products in case of fire : Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

### 5.3 Advice for firefighters

- Firefighting instructions : Prevent firefighting water from entering the environment. Use water spray or fog for cooling exposed containers.
- Protection during firefighting : Use a self-contained breathing apparatus and also a protective suit.

## 6 Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

- General measures : Ensure adequate air ventilation. Avoid contact with skin and eyes. Do not breathe vapours/spray.
- 6.1.1 For non-emergency personnel : Evacuate unnecessary personnel.
- Emergency procedures
- 6.1.2 For emergency responders : Use personal protective equipment as required. In case of inadequate ventilation wear respiratory protection.
- Protective equipment

### 6.2 Environmental precautions

Contain spill to prevent migration. Do not allow the undiluted product to enter sewers/surface or ground water.

### 6.3 Methods and material for containment and cleaning up

- Methods for cleaning up : Absorb spillage to prevent material damage. Wipe up with absorbent material (for example cloth). Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Dispose of in accordance with relevant local regulations.

### 6.4 Reference to other sections

Exposure controls and personal protection, see section 8. Concerning disposal elimination after cleaning, see section 13.

## 7 Handling and storage

### 7.1 Precautions for safe handling

- Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment. Avoid contact with skin and eyes. Do not breathe vapour/aerosol.
- Hygiene measures : Handle in accordance with good industrial hygiene and safety procedures. When using do not eat, drink or smoke. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

### 7.2 Conditions for safe storage, including any incompatibilities

- Storage conditions : Store in original container. Keep container tightly closed. To maintain product quality, store according to the instructions in the product labeling.
- Prohibitions on mixed storage : Keep away from food, drink and animal feeding stuffs.
- Incompatible materials : No additional information available.

**7.3 Specific end use(s)**

Laboratory reagent, Immunoassays

**8 Exposure controls/personnel protection**
**8.1 Control parameters**

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

**8.2 Exposure controls**

|                                  |                                                                                                                                                                                                       |
|----------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Appropriate engineering controls | : Provide local exhaust or general room ventilation to minimize vapour concentrations.                                                                                                                |
| Hand protection                  | : Wear suitable gloves (EN 374). Nitrile rubber, 0.35 mm. Butyl rubber, 0.5 mm. The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed. |
| Eye protection                   | : Wear safety glasses (EN 166).                                                                                                                                                                       |
| Skin and body protection         | : Wear suitable protective clothing.                                                                                                                                                                  |
| Respiratory protection           | : Under normal conditions, the use of this product should not require respiratory protection.                                                                                                         |
| Environmental exposure controls  | : Avoid release to the environment.                                                                                                                                                                   |

**9 Physical and chemical properties**
**9.1 Information on basic physical and chemical properties**

|                                                          |                      |
|----------------------------------------------------------|----------------------|
| Physical state                                           | : Liquid             |
| Colour                                                   | : Colorless          |
| Odor                                                     | : Odorless           |
| Melting point/freezing point                             | : No data available  |
| Boiling point or initial boiling point and boiling range | : No data available  |
| Flammability                                             | : No data available  |
| Lower and upper explosion limit                          | : No data available  |
| Flash point                                              | : No data available  |
| Auto-ignition temperature                                | : No data available  |
| Decomposition temperature                                | : No data available  |
| pH                                                       | : [7.0 – 8.0] @ 20°C |
| Kinematic viscosity                                      | : No data available  |
| Solubility                                               | : No data available  |
| Partition coefficient n-octanol/water (log value)        | : Not applicable     |
| Vapour pressure                                          | : No data available  |
| Density and/or relative density                          | : 1.00 @ 20°C        |
| Relative vapour density                                  | : No data available  |
| Particle size                                            | : Not applicable     |

**9.2 Other information**
**9.2.1 Information with regard to physical hazard classes**

|                      |                           |
|----------------------|---------------------------|
| Explosive properties | : No explosive properties |
| Oxidising properties | : No oxidising properties |

**9.2.2 Other safety characteristics**

No additional information available

**10 Stability and reactivity**
**10.1 Reactivity**

No dangerous reactions known under normal conditions of use.

**10.2 Chemical stability**

Stable under use and storage conditions as recommended in section 7.

**10.3 Possibility of hazardous reactions**

None under normal use.

**10.4 Conditions to avoid**

Avoid exposure to heat and direct sunlight.

**10.5 Incompatible materials**

No additional information available.

**10.6 Hazardous decomposition products**

No hazardous decomposition products known at room temperature. In case of fire: Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

## 11 Toxicological information

### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                                                    |                                                                                      |
|----------------------------------------------------|--------------------------------------------------------------------------------------|
| Acute toxicity                                     | : Not classified<br>Based on available data, the classification criteria are not met |
| Skin corrosion/irritation                          | : Not classified<br>Based on available data, the classification criteria are not met |
| Serious eye damage/irritation                      | : Not classified<br>Based on available data, the classification criteria are not met |
| Respiratory or skin sensitization                  | : Not classified<br>Based on available data, the classification criteria are not met |
| Germ cell mutagenicity                             | : Not classified<br>Based on available data, the classification criteria are not met |
| Carcinogenicity                                    | : Not classified<br>Based on available data, the classification criteria are not met |
| Reproductive toxicity                              | : Not classified<br>Based on available data, the classification criteria are not met |
| Specific target organ toxicity (single exposure)   | : Not classified<br>Based on available data, the classification criteria are not met |
| Specific target organ toxicity (repeated exposure) | : Not classified<br>Based on available data, the classification criteria are not met |
| Aspiration hazard                                  | : Not classified<br>Based on available data, the classification criteria are not met |

### 11.2 Information on other hazards

|                                                     |                                                                    |
|-----------------------------------------------------|--------------------------------------------------------------------|
| Potential adverse human health effects and symptoms | : Based on available data, the classification criteria are not met |
|-----------------------------------------------------|--------------------------------------------------------------------|

## 12 Ecological information

### 12.1 Toxicity

|                          |                  |
|--------------------------|------------------|
| Acute aquatic toxicity   | : Not classified |
| Chronic aquatic toxicity | : Not classified |

### 12.2 Persistence and degradability

Not required for inorganic substances.

### 12.3 Bioaccumulative potential

Not required for inorganic substances.

### 12.4 Mobility in soil

No additional information available.

### 12.5 Results of PBT and vPvB assessment

Not fulfilling Persistent, Bioaccumulative and Toxic (PBT), very Persistent and very Bioaccumulative (vPvB) criteria.

### 12.6 Endocrine disrupting properties

No additional information available.

### 12.7 Other adverse effects

No additional information available.

## 13 Disposal considerations

### 13.1 Waste treatment methods

|                              |                                                                                                                                                                                                                                                      |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Regional legislation (waste) | : Dispose in a safe manner in accordance with local/national regulations.                                                                                                                                                                            |
| Waste treatment methods      | : Do not empty into drains. Dispose of this material and its container in a safe way.                                                                                                                                                                |
| Waste code                   | : The waste code number according to the Ordinance on the European Waste Catalogue depends on the waste producer and can therefore vary for any given product. The waste code number is therefore to be gleaned separately from each waste producer. |

## 14 Transport information

In accordance with ADR / IMDG / IATA

### 14.1 UN number or ID number

|               |                  |
|---------------|------------------|
| UN-No. (ADR)  | : Not applicable |
| UN-No. (IMDG) | : Not applicable |
| UN-No. (IATA) | : Not applicable |

### 14.2 UN proper shipping name

Proper Shipping Name (ADR) : Not applicable  
 Proper Shipping Name (IMDG) : Not applicable  
 Proper Shipping Name (IATA) : Not applicable

### 14.3 Transport hazard class(es)

Transport hazard class(es) (ADR) : Not applicable  
 Transport hazard class(es) (IMDG) : Not applicable  
 Transport hazard class(es) (IATA) : Not applicable

### 14.4 Packing group

Packing group (ADR) : Not applicable  
 Packing group (IMDG) : Not applicable  
 Packing group (IATA) : Not applicable

### 14.5 Environmental hazards

Dangerous for the environment : No  
 Marine pollutant : No  
 Other information : No supplementary information available

### 14.6 Special precautions for user

Overland transport : Not applicable  
 Transport by sea : Not applicable  
 Air transport : Not applicable

### 14.7 Maritime transport in bulk according to IMO instruments

Not applicable

## 15 Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1 EU-Regulations

Contains no substance on the REACH candidate list.  
 Contains no REACH Annex XIV substances.

#### 15.1.2 National regulations

Comply with applicable local regulations.

### 15.2 Chemical safety assessment

No chemical safety assessment has been carried out.

## 16 Other information

Data sources : REGULATION (EC) No 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006.

| H400              | Very toxic to aquatic life.                           |
| H410              | Very toxic to aquatic life with long lasting effects. |

### SDS EU (REACH Annex II)

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.

## 1 Identification of substance/mixture and company

### 1.1 Product identifier

Product form : Mixture  
 Product name : Elution Solution **ELU SOLN**  
 Catalog # : 3219215 **REF**

### 1.2 Relevant identified uses of substance or mixture and uses advised against

#### 1.2.1 Relevant identified uses

Use of the substance/mixture : Laboratory reagent, Immunoassays  
 Use by professionals

#### 1.2.2 Uses advised against

No additional information available

### 1.3 Details of the supplier of the safety data sheet

#### Supplier/Manufacturer

DIAsource ImmunoAssays S.A.

Rue du Bosquet, 2

B-1348 Louvain-la-Neuve

Belgium

Tel. Nr. +32 (0)10/84.99.11

E-mail: [products.support@diasource.be](mailto:products.support@diasource.be)

### 1.4 Emergency telephone number

DIAsource (only office hours) : +32 (0)10/84.99.23

Centre Anti-Poisons (BE) : 070 245 245

Please refer to your local Anti-Poison Center!

## 2 Hazards identification

### 2.1 Classification of the substance or mixture

Classification according to Regulation (EC) N° 1272/2008 (CLP)

Flammable liquids, Category 2 H225 May cause an allergic skin reaction.

Acute toxicity, Category 3 H301 Toxic if swallowed.

Acute toxicity, Category 3 H311 Toxic in contact with skin.

Acute toxicity, Category 3 H331 Toxic if inhaled.

Specific target organ toxicity - single exposure, Category 1 H370 Causes damage to organs.

(Full test of H-statements: see section16)

Adverse physicochemical, human health and environmental effects

Causes severe skin burns and eye damage

### 2.2 Label element

Labelling according to Regulation (EC) N° 1272/2008 (CLP)

Hazard symbol (CLP) :

Signal word (CLP) : Danger

Hazard statement (CLP) : H225 Highly flammable liquid and vapor

H301 Toxic if swallowed

H311 Toxic in contact with skin

H331 Toxic if inhaled

H370 Causes damage to organs (Eyes, Central nervous system)

Precaution statement (CLP) : P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

P233 Keep container tightly closed.

P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.

P301 + P310 IF SWALLOWED: Immediately call a POISON CENTER/ doctor.

P303 + P361 + P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water.

P304 + P340 + P310 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER/ doctor.

### 2.3 Other hazards

This product contains concentrations of azide below the hazardous level which with repeated contact with lead and copper commonly found in plumbing drains may result in the build up of shock sensitive compounds. Sodium azide forms explosive compounds with heavy metals.

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

## 3 Composition/information on ingredients

### 3.1 Substances

Not applicable

### 3.2 Mixtures

| Name         | Product identifier                                                     | %      | Classification according to Regulation (EC) No. 1272/2008 [CLP]         |
|--------------|------------------------------------------------------------------------|--------|-------------------------------------------------------------------------|
| Methanol     | (CAS N°) 67-56-1<br>(EC N°) 200-659-6<br>(EC Index N°) 603-001-00-X    | ≤ 50   | Flam. Liq. 2, H225<br>Acute Tox. 3, H301, H311, H331<br>STOT SE 1, H370 |
| Sodium Azide | (CAS N°) 26628-22-8<br>(EC N°) 247-852-1<br>(EC Index N°) 011-004-00-7 | < 0,03 | Aquatic Acute 1, H400<br>Aquatic Chronic 1, H410                        |

Full text of H-statements: see section16

## 4 First aid measures

### 4.1 Description of first aid measures

- First-aid measures general : Get medical advice/attention if you feel unwell. If possible show him this sheet. Failing this, show him the packaging or label. Never give anything by mouth to an unconscious person. Place the affected person in the recovery position.
- First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Consult a doctor immediately.
- First-aid measures after skin contact : Take off immediately all contaminated clothing. Gently wash with plenty of soap and water.
- First-aid measures after eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Consult an ophthalmologist if necessary.
- First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Call a doctor immediately.

### 4.2 Most important symptom and effects, both acute and delayed

- Symptoms/effects : Headaches, dizziness, nausea, visual impairment (possible blindness), drowsiness.  
Serious neurological effects if swallowed.

### 4.3 Indication of any immediate medical attention and special treatment needed

Symptomatic treatment, emergency medical care for severe methanol poisoning.

## 5 Firefighting measures

### 5.1 Extinguishing media

- Suitable extinguishing media : Adapt extinguishing agents to the environment. Carbon dioxide. Foam. Dry extinguishing powder. Water spray.
- Unsuitable extinguishing media : Do not use a heavy water stream.

### 5.2 Special hazards arising from the substance or mixture

- Hazardous decomposition products in case of fire : Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

### 5.3 Advice for firefighters

- Firefighting instructions : Prevent firefighting water from entering the environment. Use water spray or fog for cooling exposed containers.
- Protection during firefighting : Use a self-contained breathing apparatus and also a protective suit.

## 6 Accidental release measures

### 6.1 Personal precautions, protective equipment and emergency procedures

- General measures : Ensure adequate air ventilation. Avoid contact with skin and eyes. Do not breathe vapours/spray.
- 6.1.1 For non-emergency personnel : Evacuate unnecessary personnel.
- 6.1.2 For emergency responders : Use personal protective equipment as required. In case of inadequate ventilation wear respiratory protection.

### 6.2 Environmental precautions

Contain spill to prevent migration. Do not allow the undiluted product to enter sewers/surface or ground water.

### 6.3 Methods and material for containment and cleaning up

Methods for cleaning up : Absorb spillage to prevent material damage. Wipe up with absorbent material (for example cloth). Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Dispose of in accordance with relevant local regulations.

### 6.4 Reference to other sections

Exposure controls and personal protection, see section 8. Concerning disposal elimination after cleaning, see section 13.

## 7 Handling and storage

### 7.1 Precautions for safe handling

Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment. Avoid contact with skin and eyes. Do not breathe vapour/aerosol.

Hygiene measures : Handle in accordance with good industrial hygiene and safety procedures. When using do not eat, drink or smoke. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

### 7.2 Conditions for safe storage, including any incompatibilities

Storage conditions : Store in original container. Keep container tightly closed. Store in a cool, well-ventilated place. Protect from direct sunlight. Keep out of frost.

Prohibitions on mixed storage : Keep away from food, drink and animal feeding stuffs.

Incompatible materials : No additional information available.

### 7.3 Specific end use(s)

Laboratory reagent, Immunoassays

## 8 Exposure controls/personnel protection

### 8.1 Control parameters

Ingredients with workplace control parameters

Derived No Effect Level (DNEL)

| Application Area  | Routes of exposure | Health effect | Value |
|-------------------|--------------------|---------------|-------|
| No data available |                    |               |       |

Predicted No Effect concentration (PNEC)

| Application Area  | Value |
|-------------------|-------|
| No data available |       |

### 8.2 Exposure controls

Appropriate engineering controls : Provide local exhaust or general room ventilation to minimize vapour concentrations.

Hand protection : Wear suitable gloves (EN 374). Nitrile rubber, 0.35 mm. Butyl rubber, 0.5 mm. The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Eye protection : Wear safety glasses (EN 166).

Skin and body protection : Wear suitable protective clothing.

Respiratory protection : Under normal conditions, the use of this product should not require respiratory protection.

Environmental exposure controls : Avoid release to the environment.

## 9 Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

Physical state : Liquid

Colour : Colorless

Odor : Odorless

Melting point/freezing point : No data available

Boiling point or initial boiling point and boiling range : No data available

Flammability : No data available

Lower and upper explosion limit : No data available

Flash point : No data available

Auto-ignition temperature : No data available

Decomposition temperature : No data available

pH : [7.0 – 7.5] @ 20°C

Kinematic viscosity : No data available

Solubility : No data available

Partition coefficient n-octanol/water (log value) : Not applicable

Vapour pressure : No data available

Density and/or relative density : No data available  
 Relative vapour density : No data available  
 Particle size : Not applicable

### 9.2 Other information

#### 9.2.1 Information with regard to physical hazard classes

Explosive properties : No explosive properties  
 Oxidising properties : No oxidising properties

#### 9.2.2 Other safety characteristics

Conductivity : No data available  
 Surface tension : No data available  
 Relative vapor density : No data available

## 10 Stability and reactivity

### 10.1 Reactivity

Vapors may form explosive mixture with air.

### 10.2 Chemical stability

Stable under use and storage conditions as recommended in section 7.

### 10.3 Possibility of hazardous reactions

None under normal use.

### 10.4 Conditions to avoid

Warning.

### 10.5 Incompatible materials

No additional information available.

### 10.6 Hazardous decomposition products

No hazardous decomposition products known at room temperature. In case of fire: Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

## 11 Toxicological information

### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Acute toxicity : Not classified  
 Based on available data, the classification criteria are not met  
 Skin corrosion/irritation : Not classified  
 Based on available data, the classification criteria are not met  
 Serious eye damage/irritation : Not classified  
 Based on available data, the classification criteria are not met  
 Respiratory or skin sensitization : Not classified  
 Based on available data, the classification criteria are not met  
 Germ cell mutagenicity : Not classified  
 Based on available data, the classification criteria are not met  
 Carcinogenicity : Not classified  
 Based on available data, the classification criteria are not met  
 Reproductive toxicity : Not classified  
 Based on available data, the classification criteria are not met  
 Specific target organ toxicity (single exposure) : Not classified  
 Based on available data, the classification criteria are not met  
 Specific target organ toxicity (repeated exposure) : Not classified  
 Based on available data, the classification criteria are not met  
 Aspiration hazard : Not classified  
 Based on available data, the classification criteria are not met

### 11.2 Information on other hazards

Potential adverse human health effects and symptoms : Based on available data, the classification criteria are not met

## 12 Ecological information

### 12.1 Toxicity

Acute aquatic toxicity : Not classified  
 Chronic aquatic toxicity : Not classified

**12.2 Persistence and degradability**

Not required for inorganic substances.

**12.3 Bioaccumulative potential**

Not required for inorganic substances.

**12.4 Mobility in soil**

No additional information available.

**12.5 Results of PBT and vPvB assessment**

Not fulfilling Persistent, Bioaccumulative and Toxic (PBT), very Persistent and very Bioaccumulative (vPvB) criteria.

**12.6 Endocrine disrupting properties**

No additional information available.

**12.7 Other adverse effects**

No additional information available.

**13 Disposal considerations**
**13.1 Waste treatment methods**

- |                              |                                                                                                                                                                                                                                                      |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Regional legislation (waste) | : Dispose in a safe manner in accordance with local/national regulations.                                                                                                                                                                            |
| Waste treatment methods      | : Do not empty into drains. Dispose of this material and its container in a safe way.                                                                                                                                                                |
| Waste code                   | : The waste code number according to the Ordinance on the European Waste Catalogue depends on the waste producer and can therefore vary for any given product. The waste code number is therefore to be gleaned separately from each waste producer. |

**14 Transport information**

In accordance with ADR / IMDG / IATA

**14.1 UN number or ID number**

- |               |                  |
|---------------|------------------|
| UN-No. (ADR)  | : Not applicable |
| UN-No. (IMDG) | : Not applicable |
| UN-No. (IATA) | : Not applicable |

**14.2 UN proper shipping name**

- |                             |                  |
|-----------------------------|------------------|
| Proper Shipping Name (ADR)  | : Not applicable |
| Proper Shipping Name (IMDG) | : Not applicable |
| Proper Shipping Name (IATA) | : Not applicable |

**14.3 Transport hazard class(es)**

- |                                   |                  |
|-----------------------------------|------------------|
| Transport hazard class(es) (ADR)  | : Not applicable |
| Transport hazard class(es) (IMDG) | : Not applicable |
| Transport hazard class(es) (IATA) | : Not applicable |

**14.4 Packing group**

- |                      |                  |
|----------------------|------------------|
| Packing group (ADR)  | : Not applicable |
| Packing group (IMDG) | : Not applicable |
| Packing group (IATA) | : Not applicable |

**14.5 Environmental hazards**

Not applicable

**15 Regulatory information**
**15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**
**15.1.1 EU-Regulations**

Contains no substance on the REACH candidate list.  
Contains no REACH Annex XIV substances.

### 15.1.2 National regulations

Comply with applicable local regulations.

### 15.2 Chemical safety assessment

No chemical safety assessment has been carried out.

| H370              | Causes damage to organs (Eyes, Central nervous system)      |
| H400              | Very toxic to aquatic life.                                 |
| H410              | Very toxic to aquatic life with long lasting effects.       |

#### SDS EU (REACH Annex II)

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.

## 1 Identification of substance/mixture and company

### 1.1 Product identifier

Product form : Mixture  
Product name : Wash SolN Conc **WASH|SOLN|CONC**  
Catalog # : 3501020 **REF**

### 1.2 Relevant identified uses of substance or mixture and uses advised against

#### 1.2.1 Relevant identified uses

Use of the substance/mixture : Laboratory reagent, Immunoassays  
Use by professionals

#### 1.2.2 Uses advised against

No additional information available

### 1.3 Details of the supplier of the safety data sheet

#### Supplier/Manufacturer

DIAsource ImmunoAssays S.A.

Rue du Bosquet, 2

B-1348 Louvain-la-Neuve

Belgium

Tel. Nr. +32 (0)10/84.99.11

E-mail: [products.support@diasource.be](mailto:products.support@diasource.be)

### 1.4 Emergency telephone number

DIAsource (only office hours) : +32 (0)10/84.99.23

Centre Anti-Poisons (BE) : 070 245 245

Please refer to your local Anti-Poison Center!

## 2 Hazards identification

### 2.1 Classification of the substance or mixture

Classification according to Regulation (EC) N° 1272/2008 (CLP)

Skin sensitization, category 1 H317 May cause an allergic skin reaction.

Hazardous to the aquatic environment, category 3 H412 Harmful to aquatic life with long lasting effects.

(Full test of H-statements: see section16)

Adverse physicochemical, human health and environmental effects

Causes severe skin burns and eye damage

### 2.2 Label element

Labelling according to Regulation (EC) N° 1272/2008 (CLP)

Hazard symbol (CLP) :

Signal word (CLP) : Warning

Hazard statement (CLP) : H317 May cause an allergic skin reaction

H412 Harmful to aquatic life with long lasting effects

Precaution statement (CLP) : P280 Wear protective gloves, protective clothing, eye protection, face protection

P363 Wash contaminated clothing before reuse

P501 Dispose of the contents/container in accordance with local, regional, national and international regulations

P301+330+331 If swallowed: rinse mouth. Do NOT induce vomiting

P302+P352 IF ON SKIN: Wash with plenty of soap and water

P309+310 IF exposed or if you feel unwell: Call a POISON CENTER or doctor/physician

P333+P313 If skin irritation or rash occurs: Get medical advice/attention

### 2.3 Other hazards

The mixture does not contain substance(s) included in the list established in accordance with Article 59(1) of REACH for having endocrine disrupting properties, or is not identified as having endocrine disrupting properties in accordance with the criteria set out in Commission Delegated Regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605.

### 3 Composition/information on ingredients

#### 3.1 Substances

Not applicable

#### 3.2 Mixtures

| Name                                                                                                             | Product identifier                                  | %                                                                                                                                               | Classification according to Regulation (EC) No. 1272/2008 [CLP] |

Full text of H-statements: see section16

### 4 First aid measures

#### 4.1 Description of first aid measures

- First-aid measures general : Get medical advice/attention if you feel unwell. If possible show him this sheet. Failing this, show him the packaging or label. Never give anything by mouth to an unconscious person. Place the affected person in the recovery position.
- First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing.
- First-aid measures after skin contact : Take off immediately all contaminated clothing. Gently wash with plenty of soap and water.
- First-aid measures after eye contact : IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
- First-aid measures after ingestion : Rinse mouth. Do NOT induce vomiting. Drink plenty of water as a precaution.

#### 4.2 Most important symptom and effects, both acute and delayed

- Symptoms/effects : Not expected to present a significant hazard under anticipated conditions of normal use.

#### 4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

### 5 Firefighting measures

#### 5.1 Extinguishing media

- Suitable extinguishing media : Adapt extinguishing agents to the environment. Carbon dioxide. Foam. Dry extinguishing powder. Water spray.
- Unsuitable extinguishing media : Do not use a heavy water stream.

#### 5.2 Special hazards arising from the substance or mixture

- Hazardous decomposition products in case of fire : Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

#### 5.3 Advice for firefighters

- Firefighting instructions : Prevent firefighting water from entering the environment. Use water spray or fog for cooling exposed containers.
- Protection during firefighting : Use a self-contained breathing apparatus and also a protective suit.

### 6 Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

- General measures : Ensure adequate air ventilation. Avoid contact with skin and eyes. Do not breathe vapours/spray.
- 6.1.1 For non-emergency personnel : Evacuate unnecessary personnel.
- 6.1.2 For emergency responders : Use personal protective equipment as required. In case of inadequate ventilation wear respiratory protection.
- Protective equipment

#### 6.2 Environmental precautions

Contain spill to prevent migration. Do not allow the undiluted product to enter sewers/surface or ground water.

#### 6.3 Methods and material for containment and cleaning up

- Methods for cleaning up : Absorb spillage to prevent material damage. Wipe up with absorbent material (for example cloth). Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Dispose of in accordance with relevant local regulations.

## 6.4 Reference to other sections

Exposure controls and personal protection, see section 8. Concerning disposal elimination after cleaning, see section 13.

## 7 Handling and storage

### 7.1 Precautions for safe handling

- Precautions for safe handling : Ensure good ventilation of the work station. Wear personal protective equipment. Avoid contact with skin and eyes. Do not breathe vapour/aerosol.
- Hygiene measures : Handle in accordance with good industrial hygiene and safety procedures. When using do not eat, drink or smoke. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.

### 7.2 Conditions for safe storage, including any incompatibilities

- Storage conditions : Store in original container. Keep container tightly closed. To maintain product quality, store according to the instructions in the product labeling.
- Prohibitions on mixed storage : Keep away from food, drink and animal feeding stuffs.
- Incompatible materials : No additional information available.

### 7.3 Specific end use(s)

Laboratory reagent, Immunoassays

## 8 Exposure controls/personnel protection

### 8.1 Control parameters

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

### 8.2 Exposure controls

- Appropriate engineering controls : Provide local exhaust or general room ventilation to minimize vapour concentrations.
- Hand protection : Wear suitable gloves (EN 374). Nitrile rubber, 0.35 mm. Butyl rubber, 0.5 mm. The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.
- Eye protection : Wear safety glasses (EN 166).
- Skin and body protection : Wear suitable protective clothing.
- Respiratory protection : Under normal conditions, the use of this product should not require respiratory protection.
- Environmental exposure controls : Avoid release to the environment.

## 9 Physical and chemical properties

### 9.1 Information on basic physical and chemical properties

- Physical state : Liquid
- Colour : Colorless
- Odor : Odorless
- Melting point/freezing point : No data available
- Boiling point or initial boiling point and boiling range : No data available
- Flammability : No data available
- Lower and upper explosion limit : No data available
- Flash point : No data available
- Auto-ignition temperature : No data available
- Decomposition temperature : No data available
- pH : [7.5 – 8.5] @ 20°C
- Kinematic viscosity : No data available
- Solubility : No data available
- Partition coefficient n-octanol/water (log value) : Not applicable
- Vapour pressure : No data available
- Density and/or relative density : 1.00 @ 20°C
- Relative vapour density : No data available
- Particle size : Not applicable

### 9.2 Other information

#### 9.2.1 Information with regard to physical hazard classes

- Explosive properties : No explosive properties
- Oxidising properties : No oxidising properties

#### 9.2.2 Other safety characteristics

No additional information available

## 10 Stability and reactivity

### 10.1 Reactivity

No dangerous reactions known under normal conditions of use.

### 10.2 Chemical stability

Stable under use and storage conditions as recommended in section 7.

### 10.3 Possibility of hazardous reactions

None under normal use.

### 10.4 Conditions to avoid

Avoid exposure to heat and direct sunlight.

### 10.5 Incompatible materials

No additional information available.

### 10.6 Hazardous decomposition products

No hazardous decomposition products known at room temperature. In case of fire: Toxic gases may be formed. Carbon dioxide. Carbon monoxide.

## 11 Toxicological information

### 11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

|                                                    |                                                                                      |
|----------------------------------------------------|--------------------------------------------------------------------------------------|
| Acute toxicity                                     | : Not classified<br>Based on available data, the classification criteria are not met |
| Skin corrosion/irritation                          | : Not classified<br>Based on available data, the classification criteria are not met |
| Serious eye damage/irritation                      | : Not classified<br>Based on available data, the classification criteria are not met |
| Respiratory or skin sensitization                  | : Not classified<br>Based on available data, the classification criteria are not met |
| Germ cell mutagenicity                             | : Not classified<br>Based on available data, the classification criteria are not met |
| Carcinogenicity                                    | : Not classified<br>Based on available data, the classification criteria are not met |
| Reproductive toxicity                              | : Not classified<br>Based on available data, the classification criteria are not met |
| Specific target organ toxicity (single exposure)   | : Not classified<br>Based on available data, the classification criteria are not met |
| Specific target organ toxicity (repeated exposure) | : Not classified<br>Based on available data, the classification criteria are not met |
| Aspiration hazard                                  | : Not classified<br>Based on available data, the classification criteria are not met |

### 11.2 Information on other hazards

Potential adverse human health effects and symptoms : Based on available data, the classification criteria are not met

## 12 Ecological information

### 12.1 Toxicity

|                          |                  |
|--------------------------|------------------|
| Acute aquatic toxicity   | : Not classified |
| Chronic aquatic toxicity | : Not classified |

### 12.2 Persistence and degradability

Not required for inorganic substances.

### 12.3 Bioaccumulative potential

Not required for inorganic substances.

### 12.4 Mobility in soil

No additional information available.

### 12.5 Results of PBT and vPvB assessment

Not fulfilling Persistent, Bioaccumulative and Toxic (PBT), very Persistent and very Bioaccumulative (vPvB) criteria.

### 12.6 Endocrine disrupting properties

No additional information available.

### 12.7 Other adverse effects

No additional information available.

## 13 Disposal considerations

### 13.1 Waste treatment methods

|                              |                                                                                                                                                                                                                                                      |
|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Regional legislation (waste) | : Dispose in a safe manner in accordance with local/national regulations.                                                                                                                                                                            |
| Waste treatment methods      | : Do not empty into drains. Dispose of this material and its container in a safe way.                                                                                                                                                                |
| Waste code                   | : The waste code number according to the Ordinance on the European Waste Catalogue depends on the waste producer and can therefore vary for any given product. The waste code number is therefore to be gleaned separately from each waste producer. |

## 14 Transport information

In accordance with ADR / IMDG / IATA

### 14.1 UN number or ID number

|               |                  |
|---------------|------------------|
| UN-No. (ADR)  | : Not applicable |
| UN-No. (IMDG) | : Not applicable |
| UN-No. (IATA) | : Not applicable |

### 14.2 UN proper shipping name

|                             |                  |
|-----------------------------|------------------|
| Proper Shipping Name (ADR)  | : Not applicable |
| Proper Shipping Name (IMDG) | : Not applicable |
| Proper Shipping Name (IATA) | : Not applicable |

### 14.3 Transport hazard class(es)

|                                   |                  |
|-----------------------------------|------------------|
| Transport hazard class(es) (ADR)  | : Not applicable |
| Transport hazard class(es) (IMDG) | : Not applicable |
| Transport hazard class(es) (IATA) | : Not applicable |

### 14.4 Packing group

|                      |                  |
|----------------------|------------------|
| Packing group (ADR)  | : Not applicable |
| Packing group (IMDG) | : Not applicable |
| Packing group (IATA) | : Not applicable |

### 14.5 Environmental hazards

|                               |                                          |
|-------------------------------|------------------------------------------|
| Dangerous for the environment | : No                                     |
| Marine pollutant              | : No                                     |
| Other information             | : No supplementary information available |

### 14.6 Special precautions for user

|                    |                  |
|--------------------|------------------|
| Overland transport | : Not applicable |
| Transport by sea   | : Not applicable |
| Air transport      | : Not applicable |

### 14.7 Maritime transport in bulk according to IMO instruments

Not applicable

## 15 Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

#### 15.1.1 EU-Regulations

Contains no substance on the REACH candidate list.

Contains no REACH Annex XIV substances.

#### 15.1.2 National regulations

Comply with applicable local regulations.

### 15.2 Chemical safety assessment

No chemical safety assessment has been carried out.

## 16 Other information

|              |                                                                                                                                                                                                                                                                                 |
